About This Report

The population data shown in this report is based on records of residents actively registered with Manitoba Health as of June 1, 2021 and published by Manitoba Health and Seniors Care (<https://www.gov.mb.ca/health/population/>). This population database is considered a reliable and accurate estimate of population sizes, and is helpful for understanding trends and useful for health planning purposes.

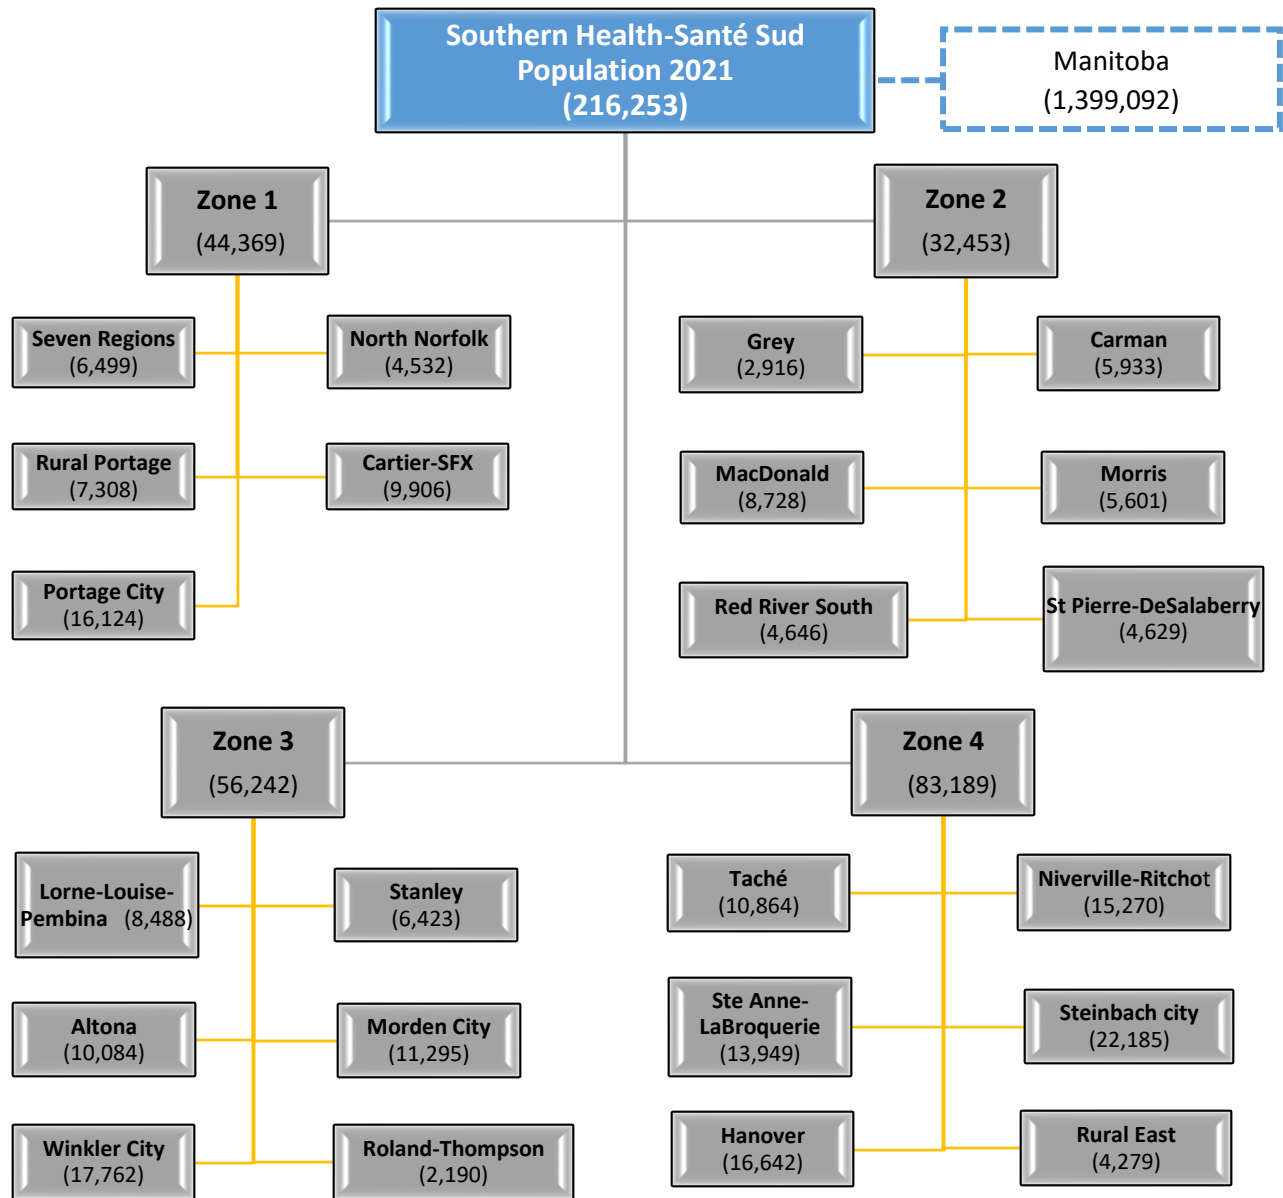

Label Change to Population Report

The population report is organized by four smaller geographies within Southern Health-Santé Sud. In previous reports this was referred to as “areas”, however going forward this will be referred to as “zones”.
